

## Smart WebMove Available to Sailors in Bahrain, Diego Garcia and Guam

Navy members and their families now can more easily arrange household goods moves from Bahrain, Diego Garcia or Guam via the Internet with SMART WebMove, a Naval Supply Systems Command-managed, Web-based service that eliminates visits to local personal property offices.

SMART WebMove services most routine moves based on permanent change of station orders.

"Customers are in control with access to SMART WebMove 24 hours a day, 7 days a week, anywhere they have Internet access at home, work or aboard ship," said Richard McIntire, SMART WebMove program manager.

"Customers can enter and exit the program as often as they want and work on their household goods application at their leisure."

Since it was launched in June 2001, 36,000 move applications have been processed using SMART WebMove in the continental U.S and overseas. SMART WebMove currently services overseas Navy personal property offices in Hawaii, Japan, Singapore, Italy, Portugal, Spain, England, Iceland, Greece and Cuba.

SMART WebMove can be accessed at [www.smartwebmove.navsup.navy.mil](http://www.smartwebmove.navsup.navy.mil).
