COMMENDATIONS.

The Secretary of the Navy recently forwarded letters of commendation to the following-named personnel:

HEWITT, Ernest C., F. 1c, U.S.N. -

For prompt and courageous action when, on 23 July 1934, he jumped off the pier at Norfolk, Va., fully clothed, and rescued John W. Sloan, Sea. 1c, U.S.N., from drowning. Although it was dark at the time and Sloan was covered with oil and vigorously fought off his attempts to rescue him, Hewitt supported him until a boat was sent to their aid. Such action is in keeping with the best traditions of the naval service.

MURPHY, Childs E., A.C.M. 1c, U.S.N., and
ROEMER, William J., A.M.M. 3c, U.S.N. -

For prompt and efficient action when, on 11 July 1934, at the Naval Training Station, Newport, R. I., they dived to the aid of a shipmate and undoubtedly saved his life. Such conduct is in keeping with the best traditions of the naval service.

POBRAN, Michael, M.M. 2c, U.S.N. -

For his prompt and efficient action when on shore patrol duty, on 27 June 1934, at Chefoo, China, he dived from the sea wall in full patrol uniform to rescue a man who had jumped overboard and, with the assistance of P. J. Schmadel, C.B.M. (Pa), towed him to the landing. Such action is in keeping with the best traditions of the naval service.

WHITE, "J" "D", G.M. 3c, U.S.N. -

For prompt and efficient action when on shore patrol, on 2 August 1934, at Newport beach, he went to the assistance of a woman drowning in the heavy breakers running at the time and towed her safely back to the beach. Such conduct is in keeping with the best traditions of the naval service.

CARMICHAEL, Jack D., Y. 2c, F-1, U.S.N.R.,
LA FAYETTE, Clifford T., Sea. 1c, F-1, U.S.N.R.,
RIEDEL, Herman C., Sea. 2c, F-1, U.S.N.R., and
CLARK, Lewis C., A.S., F-1, U.S.N.R. -

For their action when, on 12 August 1934, at Frankenmuth, Mich., they, although fully clad, went to the assistance of two civilians who had sunk from sight while attempting to swim the Cass River. They recovered the bodies and applied artificial respiration for two hours without success. Such conduct is in keeping with the best traditions of the naval service.

SENIOR NAVAL AVIATORS.

Volunteers are desired from the Naval Academy Classes of 1904, 1905, 1906, 1909, 1913, and 1914 for training in aviation to qualify as Naval Aviators or Naval Aviation Observers.

Applications of volunteers from above classes should be received in the Department prior to 1 January 1935, accompanied by report of aviation physical examination made within six months of date of application.

There are twenty-nine vacancies in the total number (1461) of Chief Warrant and Warrant Officers as provided in the Naval Appropriation Act for the fiscal year 1935, and these vacancies are to be filled by the appointment of the senior men on their respective lists in the following numbers:

Boatswain.....	4
Gunner.....	1
Electrician.....	2
Radio Electrician.....	2
Machinist.....	11
Carpenter.....	1
Pharmacist.....	1
Acting Pay Clerk.....	7

PURCHASING OF PRINTING EQUIPMENT.

The Bureau requests that no purchases of printing equipment be made in advance of the Bureau's approval. A paper cutter was purchased by a certain ship without the Bureau's approval, and as a result the Joint Committee on Printing has requested information as to the reason for the purchase, stating that it is an item whic requires the prior approval of the Joint Committee on Printing.

TRANSFERS FOR DISCHARGE.

The Bureau has been informed that certain vessels have transferred enlisted men to the Seaman's Barracks, Navy Yard, Charleston, S. C., for discharge. The Bureau of Navigation Manual directs that men in this category be transferred only to receiving ships or receiving stations. As no receiving ship or receiving station exists at Charleston, and as facilities are not available for handling the necessary work, men should not be transferred to Charleston for discharge.

AGREEMENTS TO REENLIST.

It has come to the notice of the Bureau that men are being transferred to duty outside the continental limits of the United States who have less than two years remaining to serve on current enlistment or enlistment as extended, but have signed agreements to reenlist upon expiration of enlistment. This is not in accordance with Article D-7023(1) Bureau of Navigation Manual and is not authorized.

THE STAR SPANGLED BANNER.

The Commander-in-Chief has brought to the attention of the Bureau the fact that there is a wide variation in the arrangements of our National Anthem and that it is seldom that two ships play the same arrangement. The proper "Star Spangled Banner" for use of the Navy is No. 1 in Benter's "Book of National Airs".

NATIONAL AIRS.

The following list comprises the correct National Airs up to this date:

No. 1	America	"The Star Spangled Banner"

The numbers used coincide with those used in Lieut. Charles Benter's "Book of National Airs". It is requested that the National Airs on board be inspected and if both the number and the designation do not agree, there is a likelihood that the music on board is not the correct one. In order to be correct the number and the title (word for word) must agree with this list. If discrepancies exist, a requisition should be submitted to the Navy Yard, Philadelphia, for the correct music.

Hereafter, when any change is made in a National Air or a new one is recognized, notice of such change will be sent to all ships and stations having bands. It is intended to request the publisher to designate the change by a letter suffix; thus, if No. 3 were changed, the new one would be designated No. 3a.

Nos. 2, 36, and 49 are not listed because the National Airs formerly carried under those numbers have been changed. That is, No. 2, "Argentine Republic National Hymn" was changed to No. 56, "Argentine National Hymn"; No. 36, "Mien Neerlandsch' Bloed", National Air of Holland, has been changed to "Wilhelmus Van Nassouwe", Netherland's Royal Hymn, without number; No. 49, "The Royal March of Spain", has been changed to "Provisional National Anthem of Spain", without number.

REQUEST FOR OLD ALMANACS.

The Naval Observatory will appreciate as many copies of the following Almanacs as may no longer be needed on board vessels of the Navy, or other Naval activities: 1924, 1925, 1927 and 1929.

NAVAL ACADEMY DINNER SERVICE PLATES.

The Naval Academy Auxiliary of the Navy Relief Society has arranged for the production of a set of 12 Naval Academy dinner service plates. They are 10 3/8 inches in diameter and the designs are from hand engravings on copper and executed on ivory Queensware by Josiah Wedgwood and Sons, Ltd., Etruria, England. The original design for the border was evolved in consultation with officers of the Navy and approved by a committee of members of the Navy Relief Society attached to the Naval Academy. The seal of the Naval Academy dominates the plate, with 4 ancient men-o-war, Egyptian, Phoenician, Greek, and Roman, dividing the border into 5 panels. There are depicted, likewise, from the early history of the Navy, 4 significant engagements - the Bon Homme Richard and the Serapis; the Constitution and the Java; Perry at Lake Erie; and the Philadelphia at Tripoli. Bound together by hawsers, eagles and component naval symbols, these traditions made a frame for 12 well chosen views representing both the old and the new Naval Academy. The Naval Academy plates may be ordered in Staffordshire Blue, Mulberry, or Rose Pink.

Due to recent changes in exchange rates, prices for the above plates have risen to $15.00 a dozen or $8.00 a half dozen. Orders or inquiries should be made to

"Naval Academy Plates,
U.S.S. REINA MERCEDES, Annapolis, Md."

For officers on duty in or passing through Washington, samples of the plates may be seen in Room 1047 of the Navy Building.

CALIFORNIA PREPARATORY SCHOOL.

A recent letter from Mr. Murray Peabody Brush, Ph.D., Headmaster of the California Preparatory School at Covina, California, indicates that a scholarship of 20 percent reduction in the established rates will be granted by that school to sons of naval personnel. Mr. Brush states that all boys are prepared for the examinations of the college entrance examinations board required at Yale, Harvard, Princeton, and other eastern universities. He further states that candidates for the Naval Academy and West Point receive special training for examinations for those academies.

It is requested that all copies of the Bureau of Navigation pamphlet, "Schools and Colleges Granting Concessions to Sons and Daughters of Officer and Enlisted Personnel, U. S. Navy, 1928", be corrected to include the concession extended by the above-mentioned school.
